Property and LocationSet in a peaceful but nonetheless superbly connected location, these high quality maisonettes are undoubtedly a good investment. This up and coming development is situated next to its own 18-hole Golf Course and Commercial Centre. It is well connected to the motorway and within easy reach of the beach, the airport and local towns such as Torrevieja, Los Montesinos, Ciudad Quesada and Guardamar. DistributionWith top and ground floor models on offer there is something to suit everyone and their size and distribution make these properties perfect for holidays or full time living. A double flight of tiled stairs leads up to the front door which opens into the main living/dining and kitchen area. Immediately to the left is a hallway leading to the two bedrooms one of which is ensuite and also the second bathroom. Back in the living area a double patio door opens on to an ample terrace and from here a stairs leads up to a spacious solarium with views over the valley and the development. For those interested in a ground floor model the layout is much the same, the main difference being in the fact that these properties benefit from a front garden rather than a solarium. SummaryOn offer is a selection of New-Build and also a couple of Key-Ready models and as previously mentioned this development is up and coming so any purchase will undoubtedly prove a sound decision and provide a solid investment for the future. The size and quality of build mean that these homes are ideal for either full-time living, holidays or the rental market. If you'd like more information or to arrange a viewing please don't hesitate to contact us, we'll be happy help you.  Features 2/3bed, 2bath, 80m2 Build 81m2 plot, Communal PoolCommunal Garden SolariumOn a Golf CourseGated Community
