Hacienda Riquelme is a golf resort with grocery stores and restaurants open all year round. Here is really everything within golf. Waters, bunkers and other vegetation perfectly designed for a tasteful game. The golf courses weave around and through groves of olive trees, palm trees and large water holes. This beautiful 18 hole course is designed by Jack Nicklaus. The course is designed to fit all players, both beginners and professionals. After the golf game you can relax by going down to the pool or going down to the clubhouse and recovering.
