Land, Yeste

275,000€

Magnificently situated secluded hilltop land with private access and allround panoramic views. Planning permission granted for one dwelling. One stone build house already constructed, with permission to build second floor and /or extend ground floor. This is a unique site, rather suitable for those seeking total privacy. Room for helipad. Priced to sell. Owned by a builder for own use, now being sold for personal reasons at this excitingly keen price. Inland mountainous projected region. Three hours drive to airports. We know of no other location quite so dramatic where one can actually live !
